## Traffic Control and Sign Quote Provisions

CONTRACT# 02-4F58U4

BID DATE: 11/1/2016

**Acknowledgement & Agreement:** By appointing or listing T AND S DVBE, INC. as a subcontractor on this project, the Prime Contractor acknowledges and agrees to all applicable terms and conditions as stated above and in the descriptions below.

**Radios:** Our pilot car(s) and flaggers will be equipped with VHF and UHF 2-way radios. Our pilot cars and flaggers will be equipped with CB radios for communication with your truckers and other CB-equipped equipment.

**Rental Equipment:** For this project, the Portable Changeable Message Signs are covered herein under. The Prime Contractor shall be responsible for any damage or loss to/of the equipment due to traffic conflicts, vandalism, theft, acts of nature or mishandling by Prime Contractor's staff, this includes batteries. The Prime Contractor will NOT be responsible for maintenance of the operational capabilities, except for operational difficulties and repairs brought about by such traffic conflicts, vandalism, acts of nature or mishandling by Prime Contractor's staff. Prime contractor is responsible for all lost stolen or damaged equipment on job site. (Includes all non-powered equipment) A daily record of items used will be provided by T and S DVBE Inc. for the prime contractor to sign off on.

**Insurance:** T AND S DVBE, INC. maintains insurance coverage's as required by USDOT-FHWA, Caltrans (Commercial General Liability, Commercial Auto, and Workers Comp); any additional coverage's required by the Prime Contractor can be acquired by us at the Prime Contractor's sole expense (e.g., Workers' Comp Waiver of Subrogation, Excess Liability umbrella).

**Mobilization:** For this project our initial advance notice requirements are 10 calendar days for mobilization of CMS boards, flaggers, pilot car, etc.

**Inclusion of these entire quotations in Subcontract or Work Order** is required either within the body of the Subcontracts/Work Orders or appendixes to and referenced within the Subcontract/Work Order. Such inclusion and /or referencing in no way obligates the Prime Contractor to use any of the optional quotations above.

### **Working Time:**

All pricing is based on consistent working weeks/days. Prices are subject to change if prime contractor contracts T AND S DVBE Inc. less than full 40 hr. Week and/or 8 hr. days. Additional Mob and or increased hourly rates will be applied.

### **All Payments (There will be no payment retention on traffic control)**

T AND S DVBE INC. will bill every two weeks. Invoice due and payable 30 days from date of invoice. Customer agrees to pay a finance charge of 1.5% per month on all past due balances. Customer further agrees to pay reasonable attorney's fees and cost if collection is required. Venue for the purpose of this obligation shall be Lassen County, CA. T AND S DVBE Inc. will be paid within 30 days of invoicing or work shall stop until payment is made.

Should you have any questions regarding these quotations, please call our office @ 530-639-9987. Call for additional prices such as cones, barricades, barricaded follow pilot car signs, or signs/stands as needed

Acceptance of this quote is acceptance of these provisions, which shall prevail if in conflict with any other contract documents. This quote must become a binding part of any contract written in reference to it.

Quote excludes any and all electrical and water pollution control work.

No retention is to be held on Traffic Control and Equipment Rental.

**Pricing**

Bid: \$16,425.00 Sixteen Thousand Four Hundred Twenty Five Dollars & 00/100.

PY 43

NOTE: JF Shea to remove all hardware prior to abatement for complete access to shims and pads.

Payment Terms: Net 30 – In the event that amounts due Restoration Management Company (RMC) are not paid within thirty (30) days of the receipt by Owner of the invoice from RMC, a service charge may be due and owing on the unpaid balance.

### Terms and Conditions

- JF Shea shall provide water/power at no additional cost to Restoration Management Company.
- Abatement areas will be considered off limits to all persons other than the abatement crew and their authorized agents. Proper signage will be posted around all areas.
- Work will be performed in accordance with all applicable standards set forth by the EPA, OSHA and NIOSH.
- Project monitoring and perimeter air monitoring to be coordinated with 3rd party hygienist and billed directly to owner.

### Exclusions

- Alterations and deviations must be confirmed in writing and shall be subject to the provisions of this estimate/contract. It is understood by all parties that alterations and deviations may require additional time and monies to complete the project.
- Performance shall be contingent upon delays due to fire, strike, weather, labor disputes, material availability, civil disturbances, and any other conditions beyond control of Restoration Management Company.
- In the event the project site is not freely and readily accessible to RMC personnel and equipment because of obstructions or circumstances beyond the control of RMC, we may withdraw from this estimate/contract and be released from all further obligations. In such an event that work has already commenced, RMC shall be entitled to payment of reasonable value of labor and/or materials supplied or purchased for the project to date of withdrawal. Contractor maintains salvage rights unless otherwise stated.

### Notice and Conditions

**Notice:** Failure by Contractor, without lawful excuse, to substantially commence work within twenty (20) days from the approximate date specified in this estimate/contract when work will begin is a violation of the Contractors' State License Law. You have the right to require the Contractor to have a performance and payment bond. If the acceptance of this estimate/contract is made at other than the premises at which Contractor or Owner normally operates the business, than you, the Buyer, may cancel this transaction at any time prior to midnight of the third business day after the date of this transaction. This right to cancellation does not apply to emergency repair work if Owner, in writing, waives said right due to emergency.

Contractors are required by law to be licensed and regulated by the Contractors State License Board (CSLB) which has jurisdiction to investigate complaints against contractors if a complaint regarding a patent act or omission is filed within four years of the date of the alleged violation. A complaint regarding a latent act or omission pertaining to structural defects must be filed within 10 years of the date of the alleged violation. Any questions concerning the contractor may be referred to the Registrar, Contractors State License Board PO Box 26000 Sacramento, CA 95826.

State Law requires anyone who contracts to do construction work to be licensed by the Contractors State License Board in the License category in which the contractor is going to be working, if the total price of the job is \$500 or more including labor and materials.

### California Mechanics' Lien - Notice to Owner

Under the California Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier, or other person or entity who helps to improve your property, but is not paid for his or her work or supplies, has a right to place a lien on your home, land or property where the work was performed and to sue you in court to obtain payment. This means that after a court hearing, your home, land, and property, could be sold by a court officer and the proceeds of the sale used to satisfy what you owe. This can happen even if you have paid your contractor in full if the contractor's subcontractors, laborers, or suppliers remain unpaid. To preserve their rights to file a claim or lien against your property, certain claimants such as subcontractors or material suppliers are each required to provide you with a document called a "preliminary Notice." Contractors and laborers who contract with owners directly do not have to provide such notice since you are aware of their existence as an owner. A preliminary notice is not a lien against your property. Its purpose is to notify you of persons or entities that may have a right to file a lien against your property if they are not paid. In order to perfect their lien rights, a contractor, subcontractor, supplier, or laborer must file a mechanics' lien with the county recorder that then becomes a recorded lien against your property. Generally, the maximum time allowed for filing a mechanics' lien against your property is 90 days after the substantial completion of the project.

### Contract Acceptance

The aforementioned prices, specifications and conditions are satisfactory and are hereby accepted. You are authorized to proceed with the work as specified. Payments will be made as outlined above.

## CLARIFICATIONS &amp; EXCLUSIONS

Klamath River Bridge &amp; Separation Contract No.02-4F58U4

Proposal is Subject to Conditions Below

F.D. Thomas, Inc. (FDT)

Item	Description of Clarification or Exclusion
<b>CLARIFICATIONS:</b>	
1	FD Thomas proposes using materials per specification and installed per manufacturer recommendations. Our proposal includes Engineering Calculation and Shop Drawings, surface preparation to provide a CSP 2-3 profile per manufacturer recommendation, Furnishing and installing a compliant ICC-ES FRP System to meet all requirements and specified forces.
2	1 mobilization included. Additional mobilizations @ \$3,000/ea.
3	Sufficient dry storage space appropriate to our material storage requirements are to be provided at no cost to FDT. Storage areas are to be located in areas convenient to our work and from which we will not be required to remove our materials except as needed for the completion of our work.
4	Suitable laydown area for parking, storage of materials, and equipment to be provided by Owner/GC.
5	Bond costs are not included in this proposal. If a bond is required it will be subject to the standard terms of our surety and will cost approximately 1.5% of total contract value.
6	All applicable permits are to be obtained and provided by Owner/GC at no cost to FDT.
7	FDT is a union signatory contractor.
8	We will need to receive a notice-to-proceed a minimum of 4 week prior to the commencement of our on-site work, in order to secure materials and reserve time in FDT's production schedule.
9	Our proposal is based on working 40-Hour work week. In the event that overtime is required, FDT will receive reimbursement of its additional cost of overtime.
10	Third-party testing, if required, will be provided at no cost to FDT. Third-party testing will be conducted during FDT's application schedule as to keep the work in sequence. FDT will be reimbursed costs for downtime due to inefficient third-party inspections.
11	All electrical power services necessary for the operation of FDT's site needs and equipment, to be provided at no cost to FDT. Power source will be located no more than 100 feet from FDT's work locations.
12	Restroom facilities will be provided by Owner/GC at no cost to FDT.
13	FDT will receive full access to areas required for its work.
14	Areas released to FDT for our work will be free of other trades.
15	We will receive sufficient areas to complete our work in an orderly and productive sequence.
16	FDT would need access to both ends of bridge to install FRP Strips at interior locations.
<b>EXCLUSIONS:</b>	
1	Rigging and safe span for accessing work areas.
2	Abatement, existing Coating, mastics, and wall covering removal.
3	Field and Lab testing.
4	Traffic Control, road closure, signage for lane closures.
5	FDT will not be liable for liquidated damages or other costs for delays in the sequencing of our work, work stoppages, or other production impacts caused by others.
6	Overtime, holiday, or weekend work.
7	Providing any type of enclosures for inclement weather and dust control.
8	Concrete repair, resurfacing, crack repair.
9	Removing and replacement of any elements obstructing the working surfaces. Such elements include but aren't limited to plumbing, mechanical, electrical, structural.
10	Trade damage, touch up, or rework of surfaces completed by FDT due to actions of others.
11	Scaffolding and staging to reach working areas (If needed)
12	Removal and replacement of any elements that would interfere with accessing the working surfaces. This includes but is not limited to: structural, plumbing, hvac, electrical.

Payment Terms: Net 30 - In the event that amounts due Restoration Management Company (RMC) are not paid within thirty (30) days of the receipt by Owner of the invoice from RMC, a service charge may be due and owing on the unpaid balance.

### Terms and Conditions

- JF Shea shall provide water/power at no additional cost to Restoration Management Company.
- Abatement areas will be considered off limits to all persons other than the abatement crew and their authorized agents. Proper signage will be posted around all areas.
- Work will be performed in accordance with all applicable standards set forth by the EPA, OSHA and NIOSH.
- Project monitoring and perimeter air monitoring to be coordinated with 3rd party hygienist and billed directly to owner.

### Exclusions

- Alterations and deviations must be confirmed in writing and shall be subject to the provisions of this estimate/contract. It is understood by all parties that alterations and deviations may require additional time and monies to complete the project.
- Performance shall be contingent upon delays due to fire, strike, weather, labor disputes, material availability, civil disturbances, and any other conditions beyond control of Restoration Management Company.
- In the event the project site is not freely and readily accessible to RMC personnel and equipment because of obstructions or circumstances beyond the control of RMC, we may withdraw from this estimate/contract and be released from all further obligations. In such an event that work has already commenced, RMC shall be entitled to payment of reasonable value of labor and/or materials supplied or purchased for the project to date of withdrawal. Contractor maintains salvage rights unless otherwise stated.

### Notice and Conditions

**Notice:** Failure by Contractor, without lawful excuse, to substantially commence work within twenty (20) days from the approximate date specified in this estimate/contract when work will begin is a violation of the Contractors' State License Law. You have the right to require the Contractor to have a performance and payment bond. If the acceptance of this estimate/contract is made at other than the premises at which Contractor or Owner normally operates the business, than you, the Buyer, may cancel this transaction at any time prior to midnight of the third business day after the date of this transaction. This right to cancellation does not apply to emergency repair work if Owner, in writing, waives said right due to emergency.

Contractors are required by law to be licensed and regulated by the Contractors State License Board (CSLB) which has jurisdiction to investigate complaints against contractors if a complaint regarding a patent act or omission is filed within four years of the date of the alleged violation. A complaint regarding a latent act or omission pertaining to structural defects must be filed within 10 years of the date of the alleged violation. Any questions concerning the contractor may be referred to the Registrar, Contractors State License Board PO Box 26000 Sacramento, CA 95826.

State Law requires anyone who contracts to do construction work to be licensed by the Contractors State License Board in the License category in which the contractor is going to be working, if the total price of the job is \$500 or more including labor and materials.

### California Mechanics' Lien - Notice to Owner

Under the California Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier, or other person or entity who helps to improve your property, but is not paid for his or her work or supplies, has a right to place a lien on your home, land or property where the work was performed and to sue you in court to obtain payment. This means that after a court hearing, your home, land, and property, could be sold by a court officer and the proceeds of the sale used to satisfy what you owe. This can happen even if you have paid your contractor in full if the contractor's subcontractors, laborers, or suppliers remain unpaid. To preserve their rights to file a claim or lien against your property, certain claimants such as subcontractors or material suppliers are each required to provide you with a document called a "preliminary Notice." Contractors and laborers who contract with owners directly do not have to provide such notice since you are aware of their existence as an owner. A preliminary notice is not a lien against your property. Its purpose is to notify you of persons or entities that may have a right to file a lien against your property if they are not paid. In order to perfect their lien rights, a contractor, subcontractor, supplier, or laborer must file a mechanics' lien with the county recorder that then becomes a recorded lien against your property. Generally, the maximum time allowed for filing a mechanics' lien against your property is 90 days after the substantial completion of the project.

### Contract Acceptance

The aforementioned prices, specifications and conditions are satisfactory and are hereby accepted. You are authorized to proceed with the work as specified. Payments will be made as outlined above.

2	1 mobilization included. Additional mobilizations @ \$3,000/ea.
3	Sufficient dry storage space appropriate to our material storage requirements are to be provided at no cost to FDT. Storage areas are to be located in areas convenient to our work and from which we will not be required to remove our materials except as needed for the completion of our work.
4	Suitable laydown area for parking, storage of materials, and equipment to be provided by Owner/GC.
5	Bond costs are not included in this proposal. If a bond is required it will be subject to the standard terms of our surety and will cost approximately 1.5% of total contract value.
6	All applicable permits are to be obtained and provided by Owner/GC at no cost to FDT.
7	FDT is a union signatory contractor.
8	We will need to receive a notice-to-proceed a minimum of 4 week prior to the commencement of our on-site work, in order to secure materials and reserve time in FDT's production schedule.
9	Our proposal is based on working 40-Hour work week. In the event that overtime is required, FDT will receive reimbursement of its additional cost of overtime.
10	Third-party testing, if required, will be provided at no cost to FDT. Third-party testing will be conducted during FDT's application schedule as to keep the work in sequence. FDT will be reimbursed costs for downtime due to inefficient third-party inspections.
11	All electrical power services necessary for the operation of FDT's site needs and equipment, to be provided at no cost to FDT. Power source will be located no more than 100 feet from FDT's work locations.
12	Restroom facilities will be provided by Owner/GC at no cost to FDT.
13	FDT will receive full access to areas required for its work.
14	Areas released to FDT for our work will be free of other trades.
15	We will receive sufficient areas to complete our work in an orderly and productive sequence.
16	FDT would need access to both ends of bridge to install FRP Strips at interior locations.
<b>EXCLUSIONS:</b>	
1	Rigging and safe span for accessing work areas.
2	Abatement, existing Coating, mastics, and wall covering removal.
3	Field and Lab testing.
4	Traffic Control, road closure, signage for lane closures.
5	FDT will not be liable for liquidated damages or other costs for delays in the sequencing of our work, work stoppages, or other production impacts caused by others.
6	Overtime, holiday, or weekend work.
7	Providing any type of enclosures for inclement weather and dust control.
8	Concrete repair, resurfacing, crack repair.
9	Removing and replacement of any elements obstructing the working surfaces. Such elements include but aren't limited to plumbing, mechanical, electrical, structural.
10	Trade damage, touch up, or rework of surfaces completed by FDT due to actions of others.
11	Scaffolding and staging to reach working areas (If needed)
12	Removal and replacement of any elements that would interfere with accessing the working surfaces. This includes but is not limited to: structural, plumbing, hvac, electrical.
